

WIRE FRAUD IS REAL. PROTECT YOUR MONEY.

Every day, hackers try to steal money by emailing fake wire instructions. Don't be fooled!

HELP PROTECT YOURSELF BY:

BEING VIGILANT

CALL, DON'T EMAIL: Confirm wiring instructions using a known phone number. Don't use phone numbers or links from an email.

BE SUSPICIOUS: Title companies typically DO NOT change wiring instructions and payment.

PROTECTING YOUR MONEY

CONFIRM EVERYTHING: Call and ask your bank to confirm the account name before sending a wire.

VERIFY IMMEDIATELY: Within 4 - 8 hours, call to confirm the title company or real estate agent has received your money.

ACTING QUICKLY

IMMEDIATELY CALL YOUR BANK: Ask to issue a recall notice for your wire referencing fraud.

REPORT THE CRIME: Use the FBI's internet portal at www.IC3.gov.

URGENCY IS KEY: Detecting you sent the money to the wrong account and contacting your bank and law enforcement within 24 hours is the best chance of recovering your money.
